

Application No. 10/518,219
Amdt. Dated: April 10, 2008
Reply to Notice of Allowability Dated: February 25, 2008

Remarks/Arguments

Applicant thanks the Examiner for the Notice of Allowability mailed February 25, 2008. The status of the application is as follows: claims 25-44 are pending, claims 25-28 are allowed, and claims 29-44 have been added.

Newly added claims 29-44 recite aspects similar to those recited in the allowed claims. As such, applicant believes that claims 29-44 are also in condition for allowance. Therefore, applicant respectfully requests entry and allowance of claims 29-44.

Applicant notes that claims 1-24 were cancelled from further consideration for facilitating expeditious prosecution and not for any issue of patentability. Applicant is not conceding that the cancelled claims are not patentable over the art of record.

Applicant respectfully reserves the right to pursue the cancelled claims and/or other claims in one or more continuations and/or divisional patent applications.
